HE spirit in which this company does business-the low legal rate of interest --- the personal attention given each customer--its untiring efforts to give good service, are the forces that have made its victory complete. This company does things --- every event in its history has real business significance. Thus by constantly improving and extending its facilities it has not only foremost rank in the city but, unrealized, it has become favorably known the nation over, with the result that its policy is being copied wherever good loan companies exist. There is only one answer for this success—the public has found that the policy of this company is genuine. Its sincerity of purpose therefore is never questioned. You can afford to do business with this company, for in addition to its many safeguards that absolutely protect you, its rates are much less than you would have to pay the others.
